

# Pipe Fittings

## About Us

**IFW Products LLC** is a dynamic, energetic company located near Boise, Idaho. Originally established in Orange County, California in 2017, we relocated to the Boise area in 2019. Our business is to serve the fire equipment needs of commercial construction, energy, public utilities, and many other industries.

Our experience with this varied group enables us to offer one of the largest selections of first line fire protection equipment available from a single source. To serve the needs of this diverse clientele we offer:

- Quality products from established, reputable manufacturers
- Prompt shipment from stock on popular items
- Access to complete manufacturer product lines
- Responsive customer service with extra attention paid to getting things right the first time
- A resourceful, "can do" attitude

This brochure is designed to acquaint you with the various products we have to offer. We welcome your inquiries and invite you to put our expertise to work for you.
